PRICE, FIVE CENTS.

FOUR HANGED.

LOUISVILLE, KY., WITNESSES
A WHOLESALE EXECUTION.

The Four Doomed Men Meet Death
Without Showing the Slightest
Signs of Fear.

LOUISVILLE, Ky., Dec. 9.—This city witnessed its first quadruple hanging to-day. It was a sad and impressive sight to see four men standing upon the scaffold ready to be swung off into eternity as a punishment for crime.

The doomed men were:
Stephen Hite, hanged for the brutal murder of Albert Bausman.
Dunnis McCarthy, who killed his wife, Ellen McCarthy and her unborn child.

Grant Thomas, for the murder of Birdie Coleman, colored.

Nelson Lewis, for the killing of George Dean, colored.

Before daylight began to creep through the bars of the prison, the sheriff had finished reading the death warrants, and the doomed men were left with their spiritual advisers.

The procession to the scaffold, which was in the jail yard, was then formed and the men who were soon to bid adieu to earth were as unmoved as any of the guards or officers.

The men mounted the scaffold without apparently the slightest fear, the black caps were placed over their heads, and just as the sun rose the small cord that held the trap in place was cut by the sheriff, the four forms dropped full six feet and the crime-stained souls went out to meet the final judgment.

THE GOLD FEVER.

Great Excitement Over Reported
Finds of Fabulous Richness.

EL RENO, Ok., Dec. 9.—Great excitement exists here and throughout this section over the reported finding of rich gold mining fields in the Wichita mountains, about 75 miles west of this point. The section in which the alleged gold fields are located is forbidden territory, but people are flocking here in such numbers and the excitement growing so great that it is feared that all restraint will be disregarded and a great rush for claims will take place. The troops will be called so as to be ready for any emergency. Even before the territory was opened stories were current of fabulously rich gold mines here and there in the Indian lands, and now all who have ever heard them are looking to the dreary Wichita mountains as the new Eldorado.

THE STRIKE.

The Rock Island Telegraphers Still
Out.

CHICAGO, Ill., Dec. 9.—The Rock Island telegraph operators' strike is still on, but its extent is yet a matter of dispute. Rock Island officials claim that less than 50 operators left their posts on the Illinois division, 19 on the southwest division, 5 west of Phillipsburg and the remainder on the Iowa division. Chief Ramsey says that over four hundred operators are out. Trains are still running, but there is no predicting how long they will be able to continue.

A Deporable Affair.

The county jail, now that winter is upon us, is a subject that demands the attention of a big force of carpenters. A person can stand in the north corridor and see daylight in a hundred places. The plastering has fallen off and the rain pours down in torrents during every storm. The place is a disgrace to humanity, much less to the people of Sedalia and Pettis county. It is ridiculous to think of retaining such a structure for another year. Let us have a jail of which no citizen need be ashamed. There are now 26 prisoners penned up in this structure, and Sheriff Smith is at his wits to make room for them.

A Matter Worth Thinking About.
From an Exchange.

It will be readily admitted that \$50,000 a year is a high remuneration for the employment of the best and keener of business talents. A man earning that amount of money, living on the interest only and spending not a cent of the principal

acquired, could certainly amass a fortune of 80 million dollars if he could live long enough. It would take only a matter of 1,600 years to give it to him.

Jay Gould, dying at the age of 56, leaves a fortune estimated by conservative guessers to be at least 80 million dollars. Isn't there something wrong with the conditions that will permit this? The idea is worth something.

THE GERMAN LAST NIGHT.

A Select Party Follow the Dance and
Are Afterwards Dined—
The Guests.

The young society gentlemen of the city gave a german at Kaisers last night to the visiting young ladies in the city. All the details were perfect and Dr. O. B. Caldwell led the german with the precision and gallantry of an old veteran.

After the dancing, the party sat down to elegant refreshments served in the cafe of the hotel. The following guests were present:

Misses Carrie and Matie Hinsdale, Mackey, Lindsey, Hawkins, Withers, Montgomery, Antes, Latour, Small, Evans, Beck; Misses Perkins and Warren, of Springfield, Ill.; Miss Bailey, of New York; and the Misses Lyman, of Kewanee, Ill. Mr. and Mrs. Will Bard, jr., Mr. and Mrs. Fred Guenther, Mr. and Mrs. George Mackey, Mr. and Mrs. Frank Hughes, Mr. and Mrs. Mint Johns, Mr. and Mrs. S. K. Bullard, Mr. and Mrs. Charles Messerly, Messrs. Caldwell, Wright, Hawkins, Ilgenfritz, Trader, Floyd, Sturges, Stafford, Crowe, Hoffmann, Hogg, Espenschied, Kennedy, Menefee, Scott, Wasson, Thornton, Newkirk and Gibbs.

Several More True Bills Returned—
The Coddling Case on
Trial To-day.

Chas. Matthews, alias Jackson, grand larceny; has not plead.

Wm. Bibee, larceny, second offense, plead not guilty; set for Monday.

The case of the state vs. Wm. Coddling, arson in the third degree, taken up and submitted to the jury; cause still in progress.

Working for Missouri.

Mrs. Jno. N. Edwards, one of the lady world's fair commissioners who are doing so much to get together an exhibit that will be a credit to this grand old commonwealth, was in the city to-day. Mrs. Edwards has a host of friends in Sedalia, as well as in every section of the state, and her influence has contributed greatly to the success that has crowned the efforts of the commissioners.

Died at a Ripe Old Age.

G. N. Boutell is in receipt of a letter from his brother, Homer Boutell, a former Sedalian, which states that his father, Earl N. Boutell, died last Sunday at the family home at Bakersfield, Vermont. Mr. Boutell had reached the advanced age of 68 years.

THE WORK OF A COMMITTEE IN SEDALIA.

Much Depends Upon What is Done by This City and Pettis County at the Road Convention.

For the past several days there has been in this city a committee of gentlemen whose presence and importance is second to none that ever visited Sedalia.

Messrs. J. L. Erwin, president of the State Road Improvement association and of the State Dairymen's association, of Fulton, Levi Chubbuck, secretary of the State Board of Agriculture and the State Road Improvement association, of Columbia, Mo., and Col. W. R. McIlvane, of Lebanon, Mo., who in their several capacities are visiting the farmers' institutes throughout the state, were in the city attending the State Poultry association exhibit and also arranging with the business men of the city for the proper reception of the delegates to the State Road Improvement association which convenes in Sedalia on

"Missouri to-day ranks as one of the grandest states in the union; her mines are pouring forth an inexhaustible supply of valuable minerals; her granaries are bursting with corn and wheat; her forests of pine, walnut, oak and ash, blackens her hills. To reap the harvest of all these blessings requires that they be placed in the markets. The initial transportation—from the farm, etc.,

January 19th and 20th, and also for the Dairymen's convention which meets on the 17th and 18th of that month. Messrs. Erwin and McIlvane left on the early morning train for Creighton, in Cass county, where they attend a farmer's institute to-day, and from there go to Deepwater, Appleton City, Nevada, Fayette and Mexico, where the three sections now doing similar work in the state end their labors.

The gentlemen were seen at Kaiser's hotel last evening by a DEMOCRAT reporter.

"What is your mission in Sedalia and what do you expect to result from the labors of the road convention?" was asked of Mr. Erwin, president of the association.

"Our presence in Sedalia is to excite the utmost interest in the subject of good roads, and secure the hearty and undivided co-operation of all Sedalians and citizens of Pettis county in arranging for the proper reception of the visitors in January. Besides farmers from nearly every county in the state, there will be many of our most prominent public men.

"It is our earnest desire that every thing possible be done to encourage the work and much depends on your city in seeing that proper care and attention is bestowed upon the visitors. I can truthfully say that a more momentous and highly important meeting never came before the people of a state. The present road law, in vogue since the founding of the state, has not met the

Mr. Erwin further said that the State Board of Agriculture was entitled to special credit for organizing the movement in favor of improved roads by the attention paid to the subject in the meetings held at Mexico, Mo., in September, 1891, and at Chillicothe in 1892. Mr. Levi Chubbuck, of Columbia, the broadgaged, progressive secretary of the board, is indefatigable in his work.

Official Paper of the City of Sedalia.

SPECIAL NOTICE.—Patrons of the SEDALIA DEMOCRAT will confer a favor upon the management by promptly reporting any irregularity in delivery or had condition of paper from improper handling.

The Columbia Herald favors a constitutional convention.

To RESTRICT immigration is necessary for our own welfare. To prohibit immigration is neither right nor necessary.

The Fayette Advertiser cruelly asks how would Bill Hatch do as the candidate of North Missouri for governor. Charley Mansur will please say if he meant to start a boom for Hatch.

The Columbia Herald is making an earnest fight for waterworks and urges the voters of the city to support the proposition now before them for adoption. The Herald is doing a good work.

If the gentlemen who have denounced Sedalia's police for inefficiency will turn their eyes toward Chicago and St. Louis they will have a better appreciation of the work our own officers have done. In St. Louis highwaymen have grown so bold that they actually "hold up" street cars.

The right of free speech carries with it the obligation to refrain from indecent and obscene language and to at all times show a decent respect for the opinions of others. Every man in Sedalia enjoys the right of free speech, but if one individual deliberately slanders another the law will punish him for so doing. Free speech does not mean a license to say anything and everything one pleases about another.

There is trouble over the late election in Wyoming. It is charged that the republican returning board willfully and fraudulently falsified the returns so as to give the republicans a majority in the legislature. A protest by Governor Osborne against the action of the board was disregarded. The matter will be taken to the supreme court and may result in the organization of rival legislatures in the state.

The road convention which convenes in this city in the near future will be one of the most important meetings ever held in the state. The purpose of the meeting is not only to awaken a greater interest in the road question, but also to agree upon the best plan for road improvement and urge its adoption by the general assembly. This is a grand work and one that should receive the endorsement and aid of every enterprising, public spirited citizen of Missouri.

The publication of an advertisement by no means indicates that the paper publishing it endorses the sentiments contained in the lines, or sympathizes with the purposes which are sought to be accomplished by the advertiser. Still there is a line which the newspaper may draw if it sees fit. So far as the DEMOCRAT is concerned it will refuse no legitimate business firm space in its columns. This paper, however, will not even in its advertising columns help to advance a movement that promises to put good neighbors and good citizens at daggers' points; will print no advertisement which is in itself an insult to a larger and respectable class of the community. We have neither the right nor the disposition to dictate to others. The publication or refusal of an advertisement is a

purely business matter, and the newspaper has the right to decline or refuse advertisements, as well as any other matter, whose publication it conscientiously believes will be an injury to the community.

The United States has been settled by representatives of every civilized nation on earth, and it is to be expected that there will be the greatest diversity of religious opinions. Recognizing this fact, it is to be expected that every good citizen, while enjoying the privilege of worshipping God according to the dictates of his own heart, will cheerfully accord a like privilege to all others. In this way alone, can peace and good feeling be preserved in the various communities which go to make up the state. Your neighbor differs from you in many matters of opinion, but you must admit that he is a good citizen, and you trust him and respect him. Follow the same course in religious matters. Argue with him if you please and convince him if you can, but do not indulge in wholesale abuse and vilification of his church or his society. You will only make an enemy of him and naturally drive him to say hard things of you, until the community is divided into hostile factions fighting about opinions—matters that should be free in this country. People who move in the same society, who are associated in business, who are citizens of the same community and have interests in common, should not allow designing or fanatical persons to stir up strife and bitterness among them. Respect your neighbor's opinions, as you expect him to respect your own, and discourage radicalism and fanaticism when carried to an extent calculated to disturb the public peace or wound the feelings of good men and women.

THE MAN FOR THE PLACE.

The Marshall Progress suggests Hon. Chas. E. Yeater for the position of chairman of the judiciary committee of the senate, a position for which he is eminently qualified by reason of a thorough knowledge of the law, gained both as a student and in the actual practice of the profession—a practice remarkably extensive for a man of his age to enjoy.

In speaking of Senator Yeater the Progress well says: "The new member elect to the state senate from this senatorial district is advanced in general knowledge far beyond most men of his age. Upon the hustings before the people, during an unusually interesting campaign in the triangular contest as between the democrats, whose champion he was, and the republican and third party cohorts, he evinced a dashing readiness upon the stump that marked him as he is, a young man of unusual sprightliness and promise, and one qualified by all the attributes of fine manhood to adorn any position which may be assigned him.

To fill these positions we must have men of patriotic courage and statesmen-like forecast to guide the state through the perils which it is now called upon to pass. In the enactment of new law, and the amendment of old law, we need clear-sighted, sensible heads at the helm, to the end that no mistakes shall be made to retard the unexampled developments of our resources, and our wonderful advancement in material and social progress.

In his rich combination of qualities as an orator, lawyer, and the possession of a varied and extensive knowledge of political affairs, the young gentleman who has the honor to represent this senatorial district, will be found to have scarcely a rival in the state senate.

He has all that ready knowledge of law which a large practice in our state courts could give one. He knows all the weak places in existing law, and he knows where to meet the wants of the people, new law ought to be enacted. He towers in the gift by nature of a superior intellect, and he has strength and grandeur of character. As chairman of the judiciary committee he will prove himself a master of the position.

We notice that where he is known among the newspaper fraternity, that with one accord they point to him, as of all members, one who is pre-eminently suited for the position of chairman of the judiciary committee, a position which demands of its occupant, an extensive and accurate knowledge of the law. The importance of this position, as it effects the people of

the state, cannot be too greatly elaborated or enlarged upon.

We want much in the way of new state law, and the unexampled development of the resources of our people, our wonderful material progress, the position of our grand commonwealth, and its amazing responsibility, as one of the leading states in the heart of the great West, will necessitate the change of much of the law now upon our statute books, the provisions and purpose of which do not now meet the wants of the people. These are questions which will press themselves upon the next general assembly, and it is of the utmost importance that the judiciary committees of the house and senate should be composed of men who can meet them satisfactorily.

AMUSEMENTS.

Nora Mahree.

Sidney R. Ellis' scenic production of "Nora Mahree" will be seen here Saturday, December 10. This great romantic play has been received everywhere with unanimous praise, the press and people with one voice stamping it the success of the season. Its construction is of the most superb stage craft, and its subject is, and will always remain, deeply sympathetic to the human heart. The arrangement of the play is exquisite, the dialogue pointed and witty, the situation full of interest and dramatic force, and, above all, nothing is overdone—nothing in questionable taste. An air of refinement pervades the entire work, and it will be a welcome addition to successful Irish drama.

"Richelieu" and "Othello." Walker Whiteside, who is to appear at Wood's opera house Tuesday and Wednesday in "Richelieu" and "Othello," is drawing large audiences all over the country and commanding the respectful attention of his auditors by the intelligence and comprehension shown in his conception of the characters he portrays. His intellectual and mobile face give expression to every thought showing that mind and feeling work in harmony with each other and that his acting is a matter of art.

THE CATHOLIC CHURCH.

Not Opposed to the Public School System.

At the recent conference of Catholic archbishops, in a public address, Mgr. Satolli, the papal delegate to the conference, said:

"Absolutely and universally speaking, there is no repugnance in their learning the first elements and the higher branches of arts and the natural sciences in public schools controlled by the state. The Catholic church in general, and especially the holy see, far from condemning or treating with indifference the public schools, desires rather that by joint action of civil and ecclesiastical authorities there should be public schools in every state, according as the circumstances of the people require, for the cultivation of the useful arts and natural sciences; but the Catholic church shrinks from those features of public schools which are opposed to the truth of Christianity and morality; and since, in the interest of society itself, these objectionable features are removable, therefore, not only the bishops, but the citizens at large, should labor to remove them in virtue of their own right and in the cause of morality.

It is greatly to be desired and will be a most happy arrangement if the bishops agree with the civil authorities or with the members of the school boards to conduct the school with mutual attention and due consideration for their respective rights."

A MISSOURI ELECTION MIX.

A Greene County Man Elected Prosecuting Attorney of Taney County.

FORSYTH, Mo., Dec. 9.—Taney county has elected a prosecuting attorney whose home is in another county. The man chosen is Ben Price of Springfield, Green county, a Republican. The opposing candidate was C. B. Sharp of Christian county, who was nominated by the Law and Order league. At the time the men were nominated nothing out of the way was thought of the fact that they were citizens of other counties, but now that it is over and Price is elected the Law and Order people have learned that he is ineligible. The Republicans answered by saying that the Democrat if elected, would have been quite as ineligible as the other. The matter stands thus, and a contest will result.

FEARS OF AN OUTBREAK.

Only the Influence of the Old Sachems Keeps the Indians Quiet.

CHADRON, Neb., Dec. 9.—Despite stories afloat it begins to look as though there would be another Indian outbreak before spring. It is said by parties well acquainted with the condition of the Indians there is trouble fast brewing at the agency. The only thing that prevents an immediate outbreak is the influence of the older ones which holds the young ambitious bucks from taking the warpath. A single tap of the bell would set the whole tribe dancing.

Lewelling, Lieutenant Governor Percy Daniels, Attorney General J. T. Little and State Treasurer W. H. Biddle. Congressman W. A. Harris and T. J. Hudson are also here, as are Fred J. Close, who is to be private secretary to the governor, Chairman Breidenbach and Noah Allen.

Mr. Lewelling said that the conference was called for no particular purpose; the officers of the new government wanted merely to talk things over in a general way. He reported his statement that no application for place will be considered until after his inauguration.

Fatal Shooting at Springfield, Mo.

SPRINGFIELD, Mo., Dec. 9.—An old feud between A. J. McKellop and George W. Long, near Bois D'Arc, this county, resulted in a homicide last evening, when Long fired several shots from a Winchester at McKellop, one of which took effect in his leg. Another struck Fred Rowland, a young insurance man of this city, who was with McKellop, in the bowels, producing a fatal wound. Sheriff Day and a posse are in pursuit of Long.

American Cholera.

From the Daily Reveille, Whatcom, Wash. "T. C. Burnett, the democratic candidate for sheriff, was taken violently ill at Clearbrook. He had all the symptoms of Asiatic cholera, and for an hour or two it was feared he would die. They finally gave him a dose of Chamberlain's Colic, Cholera and Diarrhoea Remedy, which revived him until a physician arrived." That is precisely what the manufacturers of that medicine recommend for cholera. Send for a physician but give their medicine until the physician arrives. If cholera becomes prevalent in this country next summer this preparation will be in great demand because it can always be depended upon. For sale by Aug. Fleischmann, druggist.

A POINT BY KILGORE.

AN UNUSUAL AMOUNT OF HILARITY IN THE LOWER HOUSE
THE TEXAN SPRINGS A SURPRISE.

A Rule Brought Up Which Was a Puzzle to Some of the Old Timers, but It Serves Its Purpose—Report of the Secretary of the Treasury Laid Before the House—Other News.

WASHINGTON, Dec. 9.—Mr. Kilgore, of Texas, brought to the attention of the house a rule which few of the members knew to be in existence. It provides that unfinished business coming over from the first session of the house cannot be considered at the second session until after the expiration of six days. Should the rule be permitted to remain in the code, and should it be invoked, the wheels of legislation at a second session would be practically clogged for the first week of its existence. Speaker Crisp intimated that the defect would be remedied, but Mr. Kilgore's invocation of the rule postponed action on a bill extending the provisions of an act for the muster and pay of men in the voluntary forces. The point made by Mr. Kilgore was entirely unexpected and created much amusement. Probably not a dozen members of the house were aware of the existence of such a rule, or if they were, understood its purpose. Although the rule has been in the code for many years (except during the Fifty-first congress) none of the oldest members can remember when it has ever before been invoked. The annual report of the secretary of the treasury was laid before the house and referred to the committee on ways and means. No objection was raised to the further consideration of the bill relative to printing and binding, and this consumed the remainder of the afternoon. Without disposing of the bill the house adjourned.

New Mexico and Arizona.

WASHINGTON, Dec. 9.—The Democrats are of a mind, it is now said, to let the question of the admission of New Mexico and Arizona go over to the next congress, not making any fight to pass the bill for their admission by the senate this winter. If the bill for the admission of New Mexico now on the senate calendar were passed the delegate from that territory, Mr. Joseph, would file in the house a bill striking out a provision that nothing but the English language shall be taught in the public schools. Mr. Joseph says that the people of the territory would not consent to come into the union under an act containing that provision. There seems to be little probability of the senate striking it out under any circumstances, and this fact inclines the Democrats not to try to admit the territory during this congress. As both propositions stand together it is probable the course followed was to Arizona.

State and Railway Lands.

WASHINGTON, Dec. 9.—The census bureau has issued a bulletin giving statistics of state and railway lands sold on credit. The bulletin says: "While the public domain is not now sold on credit by the United States the land that has been granted to states by the national government and acquired by Texas by treaty, and the land that has been given to railway companies by congress and the states has been sold on credit by states and railway companies under arrangement permitting purchasers to occupy at once and entitling them to deeds upon payment of the final installment of the purchase price. The debt incurred by purchasers from ten states under such contracts during the ten years, 1880-1890, was \$30,625,270, from fifty-six railroads in fifty-six states \$88,144,769, total \$118,769,039.

A Big Canadian Lobby.

WASHINGTON, Dec. 9.—The Canadian Pacific is represented in Washington by a well backed lobby, the members of which arrived last night. They are here with two missions. The first object is to bring such influence to bear as will defeat any attempt to put into effect the hostile legislation against the Canadian Pacific railroad suggested by President Harrison in his recent message to congress. The Canadian Pacific is exempt from the exactions of the interstate commerce law and is extremely anxious that its advantage be not endangered by adverse legislation. The lobby will also be used against any bill aimed at the prohibition or restriction of immigration. The indications are that the representatives of the Canadian railroad will not have leisure time on their hands.

Assistant Secretary of the Treasury.

WASHINGTON, Dec. 9.—G. M. Lamberton, of Lincoln, Neb., has been appointed as assistant secretary to succeed Mr. Nettleton. His nomination will be sent to the senate Monday.

Washington Brevities.

Secretary Noble announces that the Cherokee commission will have to suspend work as soon as the present appropriation is exhausted.
The cattle barons who are making a desperate fight against the opening of the Cherokee strip are hoping to kill the measure by insisting that the intruders should be paid for their improvements.

Kind Words for Jay Gould.

MEMPHIS, Tenn., Dec. 9.—The city council last night passed resolutions of condolence and sympathy for the family of the deceased Jay Gould. The resolutions recite the generosity of Mr. Gould at the time this city was afflicted with pestilence, when the dead millionaire wired the Howard association to draw on him to an unlimited extent and \$10,000 of his money was utilized.

A BRUTAL EXHIBITION.

Joe Goddard Knocks Out Peter Maher in Three Rounds in a Bloody Fight.
CONEY ISLAND, Dec. 9.—The battle between Joe Goddard, of Australia, and Peter Maher, of Ireland, was fought in the Coney Island athletic club house last night in the presence of 8,000 men. It was won by Goddard in the third round, when he knocked his antagonist completely out.
The fight was as fierce as it was short, with only a little preliminary sparring. The big fellows set to work in the first round with the activity of feather-weights and the ferocity of wildcats. Maher slipped to his knees in the first round, and remained there fully nine seconds. Both men were badly winded at the end of the round, but it seemed very clear that the Irishman was no match in strength for his antagonist.
The scene at the end of the first round, when it appeared that Maher might possibly win, was one of the most exciting ever witnessed. Goddard was covered with blood from almost the first blow. He lacked science, but he was much the stronger man, the difference of twelve pounds in weight being in his favor.
The second round was a repetition of the first in heavy fighting. There was not a moment's cessation in the slugging. Science was forgotten and each man tried to finish the other as quickly as possible. In the third round the men went at it again at a pace that could not possibly be kept up for any length of time. They fought like demons. After a terrible exchange of blows for nearly a minute Maher was knocked down and out, after the most vicious and furious fight ever seen here.

The fight was for a purse of \$7,500, of which the winner will receive \$6,500 and the loser \$1,000.
Will Come to Naught.
ST. JOSEPH, Mo., Dec. 9.—The criminal court yesterday investigated the cases against several prominent citizens indicted by the grand jury on the charge of renting property to parties to be used for immoral purposes. The case against S. C. Woodson, president of the Saxton national bank, was disposed of first. When the evidence for the state was in the judge directed the jury to bring in a verdict of not guilty without leaving their seats. It was proven that Colonel Woodson knew nothing of the character of the parties who rented the buildings in question. The other cases will share the same fate and the work of the grand jury, which created a ripple of excitement at first, is now regarded as a fizzle.

The Cass County Muddle.

KANSAS CITY, Mo., Dec. 9.—Judges Wray, Lane and George, who comprise the county court of Cass county and are in the county jail in this city, will go to Cass county Monday for the purpose of convening the court and ordering an election to vote upon the proposition of the United States circuit court to judge in which the court will accept of the Tebo and Neosho Valley bonds, the 70 per cent of the face value, which was voted by the county for the construction of a railroad through the county. The judges believe the proposition will be carried.

NEWS IN BRIEF.

It now seems likely that the grievances of the engineers on the Vanderbilt system will be settled without a strike.

Owing to the death of Juror Libbey, which occurred recently, the judge dismissed the jury in the W. B. Curtis murder case.

Dennis McLaughlin attempted to commit suicide by jumping from the big Brooklyn bridge, but he was pulled out of the water by a police patrol boat.

The faction opposed to the re-election of Crisp as speaker is laying its lines, but his friends claim that he will be able to secure an ample majority when the time comes.

Lee Jago and Edward Blackwood, citizens of Newport, Ark., between whom an old feud existed, met on the street, and in the fight which ensued Jago was shot through the brain.

It is probable that the Manchester cotton strike will last until the end of January, when the masters will be forced to yield as it will pay them to reopen their works.

Mrs. Anna Annagost, tried at David City, Neb., on a charge of poisoning her husband and stepdaughter, was acquitted.

NOT VERY GENERAL.

MANY ROCK ISLAND OPERATORS REFUSE TO QUIT.

THE STRIKE LOOKS LIKE A FIZZLE.

Trains Are Moving Without Any Great Difficulty, Except From the Blizzard—Reports From Points All Along the Line Indicate That the Strike Will Be Short Lived—Ramsey's Bulletins.

CHICAGO, Dec. 9.—The strike of telegraphers on the system of the Chicago, Rock Island and Pacific railway was not inaugurated yesterday with the unity and force which Chief Ramsey expected when he spread the telegram ordering the men out Wednesday night. The strike order was effective at 10 o'clock yesterday morning, but reports indicate that it fell far short of general observance, even among the members of the Order of Railway Telegraphers, which is strong on the entire system. On the lines from the Missouri river to Denver a small part of the men left their keys and in many instances their places were promptly filled, the company having taken precaution to have operators within reach. On the Iowa divisions the order was more generally observed. The company declares that it has suffered no interruption of traffic beyond what the recent blizzard caused.

The following bulletins were issued as an answer to Mr. St. John's statement that only thirty-eight of the operators had gone out.
All Operators and Dispatchers.
Chicago, Dec. 9.—Reports are coming in to the effect that all dispatchers are out. Stay with them, boys, and fight to a finish, blizzard or no blizzard.

COMMITTEE.

Chicago, Dec. 9.—More than 95 per cent of the men went out. The company expects the men to weaken in three days. Stand firm for three months if necessary. Do not be hoodwinked by trains loaded with clerks who will stop at your station representing themselves as operators. We are sure to win.

COMMITTEE.

Nine Out of Twenty-Three Went Out.
BEATRICE, Neb., Dec. 9.—The strike of the Rock Island railway telegraphers has had no appreciable effect here. Neither of the operators at this point went out. The division between Horton, Kan., and Nelson, Neb., is 163 miles long. On this division are employed twenty-three operators. Only nine of these twenty-three went out and at least three of them will return to-night. The company had, however, eight operators in readiness to take their places.

In Southern Kansas.

WICHITA, Kan., Dec. 9.—In accordance with instructions from Chief Ramsey nearly all the Rock Island operators on the division reaching from Herington, Kan., to Topeka, the terminus of the line at the Indian territory, left their "tickers" at 10 o'clock yesterday morning. The agents at Marion, Caldwell, Hennessy, Okarche and Marlow have refused to strike, as has also Miss Kimball, one of the operators at the depot here.

Only One Obeyed the Order.

LEAVENWORTH, Kan., Dec. 9.—The Rock Island has but one operator here and she still works. There are, including agents and operators, about fifteen on the Leavenworth and Leavenworth branch, of which only one is reported to belong to the order, he being stationed at Cameron Junction. He responded to the order to strike promptly.

At Kansas City.

KANSAS CITY, Mo., Dec. 9.—The strike will have little direct effect in Kansas City, as but four operators are employed here. Three of these have joined the strikers. Trains were moving as usual, the only inconvenience suffered being from the effects of the blizzard.

But Five Out on 340 Miles.

DENVER, Col., Dec. 9.—Division Superintendent Hubbell of the western division of the Rock Island says there are only five men out on the 340 miles of road under his control, and that trains are in no way affected.

Inconvenience at Topeka.

TOPEKA, Kan., Dec. 9.—At the depot telegraph office in this city, which is in charge of A. R. Singalet, three operators quit. The two operators employed at North Topeka, however, ignored the order and refused to quit.

Vacancies Filled at St. Joseph.

ST. JOSEPH, Mo., Dec. 9.—The Rock Island strike has not affected this city, but two operators of the number employed going out, and their places were filled at once.

Silver Convention.

EL PASO, Tex., Dec. 9.—The fourth and last day's session of the Southwest silver convention was begun yesterday morning at 10 o'clock. The principal event was the adoption of resolutions for the formation of a Pan-American bimetallic association, to be called to meet at Denver, Col., in October, 1893. Each state of the United States, Mexico, and the Central and South American republics is to be represented in the association by a vice president, and the object of the association will be to restore silver to its memorial use on an equality with gold. The next convention will be held in Silver City, N. M., on July 4th next.

Consul at Chihuahua.

WASHINGTON, Dec. 9.—William Heimke, of Leavenworth, was yesterday confirmed consul at Chihuahua. He was appointed first by President Arthur and was one of the few who were reappointed by President Cleveland, and now puts in an appearance with his third appointment.

Indorsed Mrs. Lease.

ENTERPRISE, Kan., Dec. 9.—The Kansas Equal Suffrage association, in session at Enterprise, gave Mrs. Lease an enthusiastic endorsement for the senate.

LOOKS LIKE A FAILURE.

The Monetary Conference Very Likely to Amount to Nothing.

BRUSSELS, Dec. 9.—When the international monetary conference adjourns at the end of next week it will probably leave the respective governments represented to decide whether or not it shall reassemble in January. The American and other bimetallic delegates will try to obtain from the conference a recommendation to all the governments to allow from a year to eighteen months to elapse before taking any active measures toward changing the present currency policy. The advocates of this recommendation have in view a possible improvement to the general monetary position. They also hope much from the growth of bimetalism as a political force in British politics. The proceedings yesterday at the British agricultural conference in London struck some of the delegates like a revelation.

In reply to an invitation extended to him, Professor Andrews of Brown university, an American delegate and a personal friend of President-elect Cleveland, made an address in which he said he hoped the idea that America was bent only upon increasing her national wealth, and that she was merely acting as the servile creature of mine owners would forever be dismissed as being equally as absurd as the idea that the main interest was mainly due to the distress afflicting the American monetary system.

LOST IN A BLIZZARD.

The Rock Island Denver Train Reported Fast in Drifts in Kansas.

HORTON, Kan., Dec. 9.—A typical Kansas blizzard has been raging here for the last eighteen hours. Trains on the Denver and Texas line are from twelve to fourteen hours late, and freight trains are snowed up in various towns along the line.

The Rock Island's Denver limited is lost in the storm between here and Fairbury. The wires are down on the Northwest line and no information can be gathered of the lost train. Much anxiety is manifested for the passengers.

THE GREEN-EYED MONSTER.

James Hargus Fatally Wounds His Sweet-Heart and Ends His Own Life.

NEVADA, Mo., Dec. 9.—James Hargus hired a rig at Walker yesterday and went to Monteville to see Miss Pearl Mann. He proposed to her and she refused to marry him, whereupon he drew a revolver and fired a bullet through her neck. Then Hargus placed the revolver to his own head and fired, killing himself instantly. Miss Mann is in a critical condition and will probably die.

Confirmations by the Senate.

WASHINGTON, Dec. 9.—The senate in executive session yesterday confirmed the following nominations among others: John H. Gear, of Iowa, assistant secretary of the treasury; David P. Thompson, of Oregon, minister to Turkey; William Potter, of Pennsylvania, minister to Italy; E. C. Little, of Kansas, United States agent and consul general at Cairo; William Heimke, of Kansas, consul at Chihuahua, Mexico, and William Stone, of Iowa, commissioner of the general land office.

SCHOOL ENTERTAINMENT.**The Jubilee of Nations at the Opera House.—To Purchase a Piano.**

The friends and parents of the pupils of Prospect school have looked forward with pleasure to the Jubilee of Nations that was given at Wood's opera house last night. The attendance was good and the proceeds will be used in buying a piano for Prospect school. The little ones were wonders in the perfect way in which they distinguished themselves and brought forth rounds of applause.

The performance was a beautiful Columbus spectacular, and the leading characters were represented as follows: "Columbus," Willie Baum; "Justice," Pauline Laupheimer; "Asia," Ida Jacobsen; "Africa," Ida Hazelwood; "Europe," Ethel Fultz; "America," Mattie Dexheimer; "Chicago," Lillie Johnson.

The beautiful carnival of flowers contained the following little girls: Bessie Doyle, Blundina Kirkhoff, Amelia Teubner, Ethel Baldwin, Lelia Grimshaw, Alice Gorrell, Wilta Koock, Aileen Strother, Ina Dunlap, Jean Clarke, Ruby Carter, Alice Snell, Jean Slack, Elsie Cain, Lula Gibbs and Aletha Cox.

Twelve little girls in pink and white executed a charming tambourine drill. They were: Flora Glenn, Callie Clark, Lillie Pearson, Edna Van Wagner, Minnie Lupe, Stenie Dexheimer, Pearl Baird, Blanche Morrow, Mattie Townsley, Grace Wilcox, Nellie Harris and Willie Bell Major.

Carrying flags and dressed in white waists and knickerbockers, twenty-four little boys were cheered lustily for a military drill in which they did themselves proud. The boys were: Ross Blake, John Sullivan, Tom Niles, Lee Heard, Don Reeves, Harry Newton, Rob Morrow, Albert Zimmerschied, Charles Bellmer, John Kaiser, George Pigg, Lester Birchfield, Dick Hungerford, Clarence Sharp, Claud Wilcox, Fred Gold, Frank Morris, Frank Deuchler, Andrew Tyson, Henry Lower, Adolph Meier, Tommy Black, Benny Baker and Roland Ebersole.

The hoop drill contained 30 children and was both pretty and amusing, the little ones doing just as they pleased. They created much enthusiasm. They were Mable Swearingen, Edna Newton, Eva Rue Glarke, Libbie Lupe, Ruth Adams, Ruby Riley, Myrtle Eckhoff, Jewel Harter, Mana Hall, Eva Beall Witcher, Lucy Lee Pearson, Opal Hoffman, Nina Bowman, Mida Ecker, Jane Morrow, Nannie Homans, Ruby Williams, Gail Fleming, Gertie Montague, Gertie Brandt, Madge Glenn, Charlie Messerly, Harry Meuschke, Harry Hoffman, Arthur Patton, Nellie Hackenyoos, Orel Gorrell, Emma Hoss, Tessie Donnelly, Alice Dice, Laura Pearson and Namie Statterwhite.

The performance concluded with a grand march led by Lillie Johnson and Ethel Fultz.

Pocket Book Lost.

Lost, on November 29th, either in Sedalia or on Clifton road, a red leather pocket book, containing about \$155. Reward of \$25 to finder. Leave at First National Bank.

Playing Circus.

Passengers on the platform at the depot were treated to some nerve breakers as passenger train No. 1 pulled in from the east yesterday afternoon. The driver of an express wagon foolishly attempted to pass in front of the rushing train and barely escaped having his wagon torn to pieces and himself perhaps killed. The crowd had hardly caught its breath when a man was seen to jump from the train with the wild abandon that would suggest a circus acrobat. After whirling around on his head for a few seconds, he collapsed and was taken back to the train. He thought that the train did not stop at Sedalia, but will ever have a most profound idea of this city's importance.

POLICE COURT.**"Sandbag Jim" Roberts Comes to Grief.—A Traveler With a Big Gun.**

George Lefarge, on his way to Nebraska, was in court this morning for being drunk and carrying concealed weapons. A fine of \$5 was assessed for the first and \$50 for the second.

Four unfortunates were up for late hours. Two were fined \$25 each and given a stay, and the others got \$10 each and given a stay.

One of them, Jim Roberts, known as "Sandbag Jim," came to grief in a rather peculiar way. He was raised at California, Mo., once the home of Officer J. R. Baldwin. Last night Officer Baldwin was standing on the street when two men passed him. One was overheard to say, "Do you know that man?" The man addressed, turned and looked toward the policeman and recognized him as an old friend. He stopped and entered into conversation, during which the officer asked him who his partner was. He said, "Jim Roberts." The officer paralyzed both of them by taking Roberts by the collar and marching him off to the calaboose. A short, heavy set man, who was also with them, took to his heels and escaped. Both, it is said, answer the description of the highwayman who held up young Goodfellow on Broadway. Roberts was "mugged" this morning and sent out of town.

All persons indebted to the city of Sedalia for taxes are urged to come forward and settle the same at once and thus save the penalty which must be enforced on and after January 1st. Remember, all city taxes must be paid before January 1st, or the penalty provided by law must be enforced.
